Because one of my worst traits is the need to prove that I'm at least as brave as the closest nearby lunatic, I have picked up a meme from  [cvillette](https://cvillette.livejournal.com/) (<https://cvillette.livejournal.com/>) and I swear not to cherry-pick. Cover me, I'm going in.

Go to your music player of choice and put it on shuffle. Say the following questions aloud, and press play. Use the song title as the answer to the question.

1. What does next year have in store for me?

Vertical Horizon - Underwater

It's not so bad down here, underwater
Once you get past the fear, underwater
Since you through the haze, it's like a memory
I've been down here for days, have you seen me?
I feel your touch, will you pull me up again?

Well, brrrrrr.

2. What does your love life look like?

Mark Henley - New Boots

I walked down Christmas morning, looked under my tree
Covered with dead needles, a package there for me
With a big ribbon
I read in green an inscription
To a head filled with rocks and water-fillin' socks
The one who stands outside the door, squishes before he knocks
Here are some new boots
One for each of your two foots

Awwwww.

3. What do I say when life gets hard?

The Duhks - Everybody Knows

Everybody knows that the dice are loaded
Everybody rolls with their fingers crossed

Everybody knows that the war is over
Everybody knows the good guys lost
Everybody knows the fight was fixed
The poor stay poor, the rich get rich
That's how it goes
Everybody knows

*And I'm sure it helps. *g**

4. What do I think when I get up in the morning?
Boiled in Lead - Black Crows

Early in the morning
Sunrise burning red
Everyday the cypress grows
Overhead I see the crows
The truth remains unsaid.

Yeah, I wake up that grumpy.

5. What song will I dance to at my wedding?
Bonnie Raitt - True Love is Hard to Find

You told me that you know I would have to travel all over
You would take care of my business for me
Darlin', all I ask of you
Is to leave those business alone and save it just for me

It's a little hard to dance to, but I'd try.

6. What do you want as a career?
Richard Thompson - The Poor Ditching Boy

It's bitter the need of the poor ditching boy
He'll always believe what they say
They tell him it's hard to be honest and true
Does he mind if he doesn't get paid?

Yeah, I don't think so.

7. What do you actually do for a living?
Oysterband - Factory Girl

Now love is a thing that does rule every nation
good mornin' kind sir and I hope ya do well
my friends and relations would all frown upon it

besides I'm a hardworkin' factory girl

*Hah! Well, that sorta works. *g**

8. Your favorite saying?

Richard Thompson - I'll Tag Along

I didn't do it, it wasn't me

I was right at the back, invisible, see?

I'm 100 per cent, and that's a fact

You can ask Diz , I'll be right back

Who, me?

9. Favorite place?

Rory McLeod - One Track Mind

Well, I'm riding on a steam train

A fast express

With steam singin' out

Hissing yes, yes, yes.

The carriage will rock

And the wheels they roll

With deep mountain tunnels

As dark as my soul.

?

10. What do you think of your parents?

Justin Sullivan - Sentry

Waiting in the setting sun at the end of the road

The armies have moved away like the fading gold

I stand sentry by the rusting gate but no one comes

Nothing moves this way in the valley of stone

The evening shadows steal across the hills

And only the seasons change, only the seasons change

only the seasons change

Hah. :>P

11. Where would you go on a first date?

Joni Mitchell - Night in the City

Light up light up

Light up your lazy blue eyes

Moons up nights up
Taking the town by surprise
Night time night time
Day left an hour ago
City light time
Must you get ready so slow
There are places to come from and places to go

Heeee! Yep.

12. Drug of choice?
Happy Rhodes - When the Rain Comes Down

When the rain came down, I was older than the earth
I could die right now, and plan another birth
Anytime I choose
I am in peace, in love, in harmony when the rain comes

Hmm. Don't get that one. My friends might, though.

13. Describe yourself:
Andrew Bird - Heretics

Born host to a tongue
So sing a song about it
Held a breath for too long
Till we're half sick about it
Tell us what we did wrong
Then you can blame us for it
Turn the clamp on a phone
So we're down about it
And tell us all about it
We're so in doubt about it
How about some credit now
Where credit is due
For the damage that was done
We have wrought upon ourselves and others
With this blow, ambitious gun
And all the pratfalls can be fun
Encores can be fatal

Oh, dear. Really?

14. What is the thing I like doing most?
Steeleye Span - Thomas the Rhymer

She turned about her milk-white steed
And they rode faster than the wind
Until they came to a desert wide
And living land was left behind
For forty days and forty nights
They rode through red blood to the knee
And they say neither sun nor moon
But heard the roaring of the sea.

BWAH-HAH-HAH! Yeah, that'll do it.

15. What is my state of mind like at the moment?
Sugar - Believe What You're Saying

This is where the line is
That i've drawn across the sand
And this is where my heart aches
Unaware and in my hand

This is where it's gone
This is where the heartache's going on
I can go it alone

Hmmm.

16. How will I die?
Steve Earle - Six Days on the Road

I pulled out of Pittsburgh rolling down the Eastern seaboard
I've got my diesel wound up and she's running like never before
There's a speed zone ahead on right and I ain't see a cop all night
Six days on the road and now I'm gonna make it home tonight

Good grief. Note to self: Wear seatbelt.

17. What's your deepest, darkest secret?
R.E.M. - Everybody Hurts

When the day is long and the night, the night is yours alone,
When you're sure you've had enough of this life, well hang on
Don't let yourself go, 'cause everybody cries and everybody hurts
sometimes

18. What am I doing right now?
Future Bible Heroes - The World is a Disco Ball

The world is a disco ball
and we're little mirrors
one and all
Remember when you feel very small
the world is a disco ball
From Havanna to Hong Kong
someone's dancing all night long

That would be nice...

Thank you

This is Patricia Andreoli, wife of
Daphne Worth, who you all knew
as Trollcatz. Daphne died

...And there goes the weekend

But hey, we got a day and a half
of this one! And I got to sleep in
for two whole mornings. Too bad

COLLAPSE

iTunes seems convinced the Bureau is a factory. Have you noticed?

What do we manufacture?

Piles of paper!

(I like the way the root words in "factory" and "manufacture" link up.)

COLLAPSE

Hah! It is so.

There is also much factoring.

I don't know if I like using my hard drive as a Magic 8-Ball, man. I feel as if it knows too much about me. *g*
